Generative AI Short Self-Assessment

Prolifics®

Generative AI will become more and more important to businesses as 2024 unfolds. Where does your organization stand on Gen AI? Take our short self-assessment and let's see how we can help you with what's next.

Using the table below, *place a check (✓) by each statement that applies.* Count each checkmark as 1 point. Calculate your points and use the scoring guide below to determine your next steps.

☐	Our company has discussed and is familiar with potential business challenges that Gen AI could address.
☐	We are currently using one or more Gen AI solutions in our business, like ChatGPT.
☐	Our company has identified an AI platform and/or large language model (LLM) that will be right for our organization.
☐	We've identified specific use cases that we'll address with Gen AI.
☐	Our company is concerned about potential downsides or errors when implementing Gen AI technology.
☐	We are able to show specific business benefits or results from using Gen AI technology.
☐	We are implementing data governance practices to our AI program.
☐	We are wondering how far we can take Gen AI in our company.
☐	Our company is familiar with the three components of the watsonx platform - watsonx.ai, watsonx.data, and watsonx.governance.
☐	**Total**

Scoring Guide

0-3   **You're ready to go!** It's time to explore Gen AI and its potential for your business. Learn more about what Prolifics, watsonx, Gen AI can do for you. Start with our *watsonx* webpage and *Generative AI* webpage.

4-6   **You're well on your way!** It's time to infuse Gen AI throughout your organization. Get deeper insight with our e-book, *"Harnessing Gen AI – A Five-Step Blueprint for Business Leaders."* And, to ensure you have your AI under control and don't have any costly setbacks, learn how watsonx.governance keeps everything on track. You'll find those answers here in *this blog* from our CTO, Greg Hodgkinson.
